UNCOVERING CHRIST IN THE OT

Journey Through the Old Testament takes students on a journey through the Scriptures, helping them see Christ throughout the Old Testament and understand His central place within it. Students will also learn to defend His presence in the Old Testament using biblical reasoning and evidence.

Through key themes, students will gain a deeper understanding of who God is, how Christ is revealed in Scripture, and their own place in God's story.

They'll learn to apply biblical principles to their daily lives and develop the ability to clearly articulate and defend their faith.

How We Teach It

Biblical Themes

Students will encounter five major themes throughout this textbook: the glory of God, the kingdom of God, covenant, the presence of God, and rest (shalom). Together, these themes provide a framework for understanding the unified message of Scripture and the unfolding story of God's redemptive work.

Scripture Analysis

Students will learn to carefully analyze Bible stories and apply biblical truths to their lives through ongoing "Think It Through" questions. They will examine significant Old Testament passages, connect them to the broader storyline of the Old Testament, and defend the central place of Christ within it. In addition, students will develop essential Bible study skills for interpreting Old Testament texts, apply biblical principles to real-life situations, and engage biblical worldview themes while thoughtfully responding to competing worldviews.

Feature Boxes

The Student Edition includes five types of recurring feature boxes: "Christ in the Old Testament," "Read Reflect Respond," "Apologetics," "Digging Deeper," and "Case Studies." All feature boxes are designed to enrich understanding, encourage reflection, and deepen engagement. Around eighty feature boxes appear throughout the text.

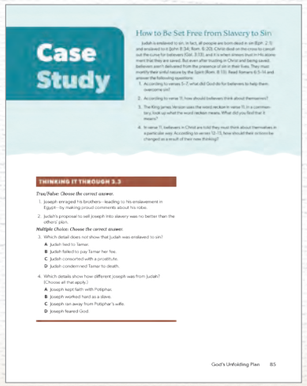

Personal Application

As students grow in their understanding of the Old Testament, they will be equipped to recognize biblical truths within Scripture and apply them to their lives. This emphasis on application helps students connect what they learn to their daily walk of faith.
