Master Spelling Skills

Lay the foundation for effective communication in Spelling 4. With 32 carefully designed weekly word lists, students build strong spelling skills while learning to use language to honor God, show love to others, and communicate His truth. Through word activities, students gain a deeper understanding of language patterns, which helps them become confident spellers and effective communicators.

How We Teach It

Weekly Word Lists

Spelling 4 includes weekly word lists, each with 20 words and multiple assessments, culminating in a spelling test at the end of each week to help students track their progress and build confidence.

Biblical Themes

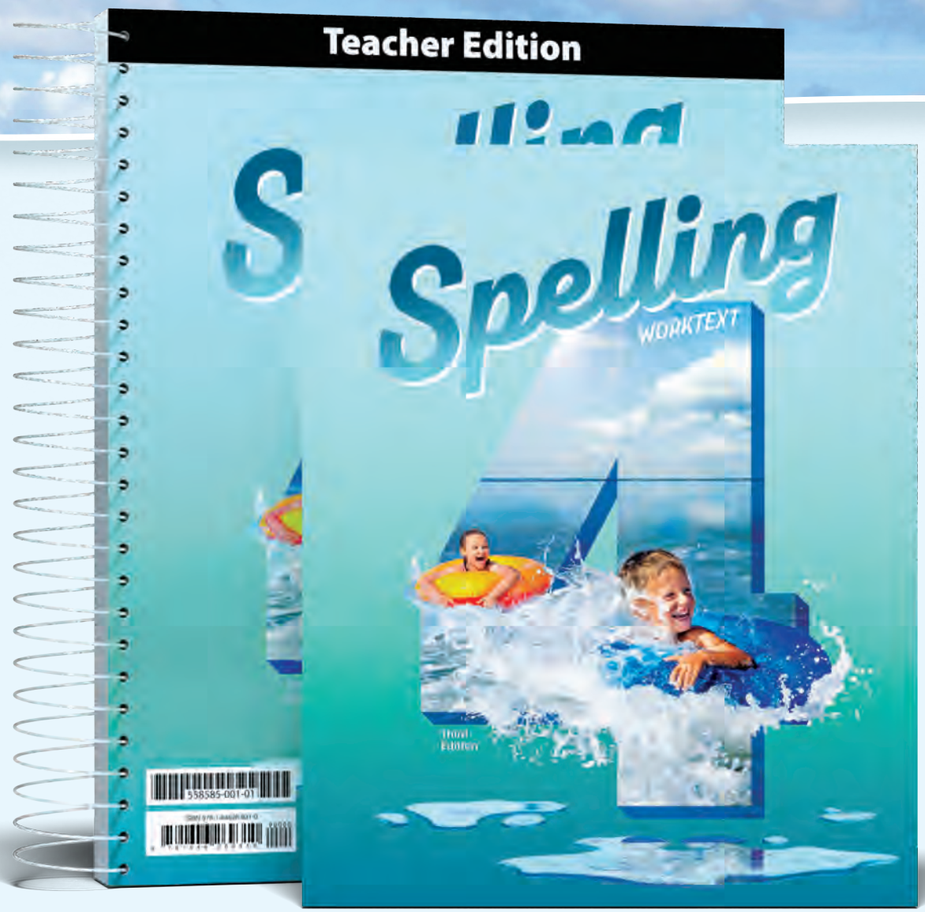

The course emphasizes that God created language as a powerful tool to communicate His truth and love. It also shows that proper spelling in written communication honors God and demonstrates care and love for others.

Word Activities

Students actively study words through sorting, word building, phonics and structural analysis, syllable patterns, and meaning-based exercises, reinforcing understanding and retention of spelling patterns.

Writing Application

Students apply spelling skills in a variety of writing exercises, helping them internalize word meanings and confidently use new vocabulary in meaningful, real-world contexts.

eTexts of student and teacher materials, along with resources referenced in the Teacher Edition, are available in BJU Press Trove.

Learn to Spell

Word Study

Materials

Worktext

Spelling 4 encourages mastery of spelling with hands-on practice through word sorting exercises, writing assignments, dictionary activities, phonics drills, and reviews. Students will also be able to apply spelling strategies in writing to reinforce spelling patterns and word meanings.

Teacher Edition

Spelling 4 Teacher Edition provides educators with detailed guidance for each weekly word list, including instructional strategies, answer keys, differentiated instruction suggestions, and supplemental activities. It equips teachers to effectively teach spelling patterns, proofreading, dictionary skills, and communication skills, all through the lens of a biblical worldview.
